Current as of January 5, 2024. Available to new and current residential customers with an account in good standing in Manitoba, where access/technology permit. Subject to change without notice; not combinable with other offers. Taxes extra. Fibe Internet: Modem rental included. A wired connection or a combination of Wi-Fi and wired connections is required to obtain maximum speed. Speed experienced on the Internet may vary with your technical configuration, Internet traffic, server, your environment, simultaneous use of IPTV (if applicable) and other factors. Fibe TV: Receivers are rented and may be new or refurbished at Bell MTS's choice. Fibe TV may be incompatible with closed-circuit television systems in your building and affect access to security features, such as lobby camera. Home phone: The Home Phone Essentials Plan is comprised of two components: a Residential Voice and Feature Bundle Lite and the Home Phone Essentials Long Distance plan. If you cancel or become ineligible for Home Phone Essentials within the first 90 days, you will be responsible for paying installation charges of \$72 (includes Line Connection, Premise Visit, Premise Connection, and First Phone Jack). Additional jack installation fee of \$40 per jack. In order to be eligible for the Home Phone Essentials Long Distance Plan, you must subscribe to (or have a pending order for) Bell MTS TV or Bell MTS High Speed Internet. If you cancel your qualifying service, your long distance plan will change from the Home Phone Essentials Long Distance Plan to the First Rate™ Nickel Anytime Long Distance plan, which has a monthly \$4.95 Network Charge. The Home Phone Essentials Long Distance plan's 5c a minute long distance rate is available anytime on direct-dialed voice calls within Canada and to the U.S. (including Alaska and Hawaii) and does not include Calling Card, Internet or data long distance minutes. (1) The Fibe TV app is available with compatible devices. Usage charges may apply if viewing without an unlimited plan. Download & Go is available on smartphones and tablets for select on demand add-on content and recordings if your TV service includes PVR features on the app. When included, recordings are available for maximum 60 days on the Fibe TV app. Select content may be unavailable on the app, including in-home or out of home, or when viewing with a third-party Internet connection. Content subject to change without notice and blackout periods may apply. Viewing live content on your TV screen with a Bell Streamer, Google Chromecast™, Apple TV (4th gen. or 4K box), AirPlay, Amazon Fire TV (basic edition or higher) or Android TV (Google-certified) is only available in-home and requires eligible Bell Internet 4K picture quality requires 4K TV, 4K programming, wired set-top box plus 4K service and a subscription to Fibe 50 or faster Internet with Bell MTS.
